

The 6th IARC ECSA Scientific and Career Day

23rd May 2019

9:00 – 18:00

followed by a Cocktail Reception

The **Early Career Scientists' Association (ECSA)** of the **International Agency for Research on Cancer (IARC)** invites you to the 6th Scientific and Career Day (ECSA Day) held on Thursday 23rd May 2019. ECSA Day is a day of exciting presentations and interactive seminar sessions focusing on important issues for early career scientists. As last year, we also invite external early career scientists. Unfortunately, we can only **invite a limited number of external participants**. Make sure to **register** soon at <https://is.gd/ecsaday2019>!

ECSA Day is a great opportunity for you to:

- Get to know your peers' research better
- Learn from the experts and get advice relevant to your future career
- Network with your peers

CALL FOR ABSTRACTS

We invite early career scientists (PhD students or Post-Docs) in cancer research from IARC and the Auvergne-Rhône-Alpes region to submit an abstract for an oral or a poster presentation. Share your research (published or unpublished), study ideas or topics that will generate discussion and interest from others.

It is an ideal opportunity to:

- Try a new presentation or idea in a friendly and safe environment
- Use previous presentations from other conferences to showcase your research
- Improve your presentation and communication skills

After registration, you will have the opportunity to **submit an abstract for an oral presentation** (approx. 8 minutes) **or a poster**. You can submit it at the same time or return at any time **before April 12** using the code that you will receive when registering. For details on abstract instructions see on page 3.

Although we encourage the participants to present their work either as a poster or an oral presentation, **it is NOT compulsory to submit an abstract in order to participate in ECSA Day**.

PRIZES

An ECSA Day Judging Panel comprised of IARC scientists will choose the best oral and poster presentations for a prize. The winners will be announced during the cocktail reception.

MORE INFORMATION

The provisional agenda is on page 2. Further details on the programme will be circulated closer to the date. If you have any questions about the ECSA Day, please contact the ECSA Organising Committee (ecsai@iarc.fr) using the subject line "ECSA Day".

ECSA Organising Committee
